*...A 10-day international master class workshop.*

**2009 S2S ~ Ischia, Italy ~ July 1 - 10, 2009**

UAC's International Step to the Stage Seminar (S2S) connects aspiring performers and professionals from around the world in a rigorous, multi-cultural training environment.

In July 2009, UAC will co-host S2S with the Energy Palestra studio in Forio, Ischia. Located off the northern coast of Italy on the gulf of Naples, Ischia is a popular tourist destination known for its beautiful coastlines and thermal spas.

As part of our world-class training program, UAC's 2009 S2S will focus on the core dance disciplines:

- Classical Ballet
- Pointe
- Contemporary
- Choreography

In addition to classes, students (and their families) will be invited to participate in regional tours and cultural events. Combining comprehensive training with cultural experiences in an international program helps students become disciplined, diverse performers, with connections to performance companies around the world.

*Our training team includes some of the top professional teachers and choreographers in the world. We focus on discipline, technique and results to help students grow in strength and ability, and develop into unique performance artists.*
